A Few Ideas for Re-Using and Recycling

Your home and classroom are full of great substitutes for expensive products. With a little creativity and planning you'll have more in your budget to get that nice kiln you've been eyeing for ages!

Before...

Yoghurt containers

- margarine tubs
- fruit/veggie foam trays
- aluminum take out containers
- pizza boxes--clean ones :)
- vinyl packaging
- packaging material
- empty plastic ketchup/mustard dispensers
- clean eyedroppers
- shoe boxes
- old tupperware containers
- old picture frames
- old large shirts and t'shirts
- used and clean plastic cutlery
- lids of all sizes
- cardboard - as much as you can hoard!
- old buttons
- yarn
- fabric scraps
- toothbrushes

All Great For...

- water, paint, glue, collage material, etc..

- printing, holding paint, crayons, erasers, etc

- Pretend stained Glass, drawing on with Sharpie

- paint dispenser, glue, colored glue, etc.

- for painting, working with water color

- dioramas, storage

- storage, putting books in, brushes, etc..

- showcase art work

- art smock--you'll save a ton of money here!

- great for adding texture in paint and clay

hold small amounts of glue or paint

Great for all sorts of projects. I LOVE it!

-collage, glueing, sewing, etc..

-knitting, weaving, tying things, etc..

- collage, drawing on, painting on, etc..

- splatter paint, add texture, rub on certain materials

Of course there are so many more ideas and so many more things to re-use and recycle. Just keep adding to your list and you'll notice your art supply budget has gotten bigger. All the best!

Alejandra
